PROFILE PAGES

When you think about yearbooks, you probably think of yearbook quotes and photos - which can all go on your profile pages!

Profile pages are a great place to get creative with your fonts, colours and layouts. Our profile templates can be adapted to meet your needs, or you can build custom designs from scratch.

Before you start designing, ask yourself the following questions.

This will make it easier for you to decide on layouts and page amounts.

Like what you see?
If you like any of the profile pages featured, just let a member of the team know and we can add this to your yearbook for you.

I can't believe the time has come to say goodbye to you lovely lot! I can still remember you all walking in on your first day (which was my first day too!).

We've had so many giggles throughout the year and you have all been wonderful to teach. I am sure you will all go on to do so many exciting things with your lives.

As you head into secondary school, just remember this:

Kindness always wins.

Mr Mantie

Goodbye year 6! We've had an eventful time over the past few years and I have loved every second of it.

You never failed to bring a smile to my face, even when I was trying to be in 'Serious Mr Teacher' mode.

Thank you so much for all your joy and laughter over the years, the school will be a strange place without you all!

Now go cause havoc somewhere else!

Mr Williams

Reading is like breathing in.
Writing is like breathing out.

These are the words that you have seen on the library walls everyday since you first joined this school. And I hope that you remember this throughout your life in high school and beyond.

All of your creative writing has come on leaps and bounds, and I am convinced that there are some famous novelists waiting to be discovered! I will have my autograph book at the ready!

COLLAGE PAGES

You can't have a yearbook without lots of photos!

Collages are a great way of showing off photos from your trips, events and memorable moments from your time at school.

Get creative with your layout ideas - you could go for a scrapbook style, or perhaps something a little more minimalist - it's entirely up to you!

A digital representation of an Instagram feed. The top navigation bar is dark blue with the word "Instagram" in white. On the far right is a circular icon with a "C" symbol and a timestamp "12h". Below the navigation bar, the profile section shows a circular icon with a rocket ship, the username "yourschoolname", and a location pin indicating "The Colour Lab St Ives Cornwall". The main area displays a 4x6 grid of 24 thumbnail images. Some visible thumbnails include a person in a bikini, a dog, a sunset, a "WELCOME TO FABULOUS LAS VEGAS" sign, a cat, a person jumping, a coffee cup with the text "Life is SHOT! Enjoy your COFFEE", and several people in various settings like a beach, a room, and outdoors.

Friends Forever

Many people will walk in and out of your life, but only true friends will leave footprints in your heart.

True friends are never apart, maybe in distance but never in heart.

"Truly great friends are hard to find, difficult to leave, and impossible to forget."

Good friends are like stars.
You don't always see them but you know they're always there.

School times end,
but memories last forever.

Friendship isn't a big thing, it is a million little things.

Congratulations!

The image is a collage of several photographs from 2022. At the top right, a person in an orange shirt is sitting on a sandy beach. In the center, there's a close-up of a woman's face. To the left, a couple is shown in a portrait. At the bottom left, a movie ticket stub for 'Five Years' is visible. The background is a dark, textured surface with a large, white, stylized text overlay that reads '2022 IN PHOTOS!' diagonally across the page.

DIVIDER PAGES

Divider pages are a really good way of splitting up your yearbook into different sections.

Perhaps you would like to separate your profile sections into form groups? Or have your collage pages themed by content? There are so many different possibilities!

They're also a great way of getting creative - you can use text heavy pages, simple photos, or perhaps an inspirational quote.

OTHER PAGES

Your yearbook is a great place to record all of the trends, fads and news stories which took the world by storm while you were at school.

It's also a good place to collect baby photos, question the year group on their favourite moments, and of course include the all important poll and award winners!

How to survive your Duke of Edinburgh expedition (learn from our mistakes)

1. Remember the correct map
Yes. This happened. Turns out you cannot use a Thetford forest map when hiking in Torquay.

2. Be organised
Get a good night's sleep the night before the big hike. And maybe don't go to see Stormzy at the o2 the night before...

3. Be prepared
A good first aid kit contains plasters, bandages and anti-septic cream. And an emergency packet of hob-nobs.

4. Research the local wildlife
"Ahahah look at that funny chicken..."
"Lauren, that's a pheasant."

5. You can never have enough socks
Socks become your currency out in the wild west. Anything goes.

6. Never trust a shortcut
"If we just cut through this field it will cut 30 minutes off our journey."
Cut to 2 hours later, the sun is setting and we've walked in a massive circle.

7. Anything that has been advertised as 'waterproof' is a lie
Tell that to my soggy socks. And Hoodie. And trousers. And underwear.

8. Sheep are not your friends
Oh, they look cute. But those eyes. They are ready to chase you out of their field. They take no prisoners.

9. Pop-up tents do not pop up
It's 5pm, it's getting dark, and your tent looks less like a tent and more like a sad sleeping bag.

GUESS THE BABY

Awh! What a bunch of cuties we were...
Bet you can't guess who these pics belong to (and no peeking at the answers!)

KNITTING

A lot of us tried to get more crafty during lockdown, including Olympic diver Tom Daley. He knitted a medal cosy for his Olympic gold, and was even spotted knitting while watching his team mates compete.

During the pandemic, more and more people have turned to mindfulness to help get them through stressful days and situations. There's no one way of being mindful, it just means focusing on the here and now, and being completely present in the moment.
